

# Alexandra Vintage fashion Analysis

## Check list of changes

We have asked been , couple month ago, to design a website for an high street vintage shop , “Alexandra vintage fashion”, the site is supposed to proposed women , men , shoes and potentially accessories, it needs to have a page that give information about the business and the location.

## The website:

It has 8 pages :

- The homepage which give you a ruff overview of the main contents linked.
- New for the new items
- Men for the men items
- Women for the women items
- Shoes for the shoes items
- Accessories for the accessories items
- About us for the info about the business
- Location for the location of the shop and information about to get travel to the location

## Changes

Added relative names for every images in the gallery.

Added the shop location on the homepage

Added a responsive gallery for men,women, accessories, shoes, pictures using css .

The website is responsive ,

The pictures are responsive ,

The items pictures are hoverable, clickable and accessible for a better view of the item.

The footer used display only the opening hours , now with PHP it is giving actual update name of the day plus the relative opening hours. (Check code in img 5 opening hours display)

Picture 1 (first webpage); picture 2 revisited

The revisited website has 2 navigation and 2 footers , one for small screen and one for the big screen

I worked on the responsiveness of the website to adapt the pages to smaller screens and bigger screens

Created a custom 404 error page.

Created sitemap.xml file and uploaded it to the server.

Created robots.txt file and uploaded it to the server.

Added a favicon

Each page has his title.

Added a dropdown menu for the small screen.

I used Php for a common header ,navigation & footer (check Images 1,2,3,4)

Images showing includes:

### 1.Php header & navigation

```
<body>
  <!-- header php -->
  <? include ($_SERVER['DOCUMENT_ROOT'] . '/webfolio/design-for-web-content/the-small-business-project/header.inc.php
  '); ?>
  <!-- navigation php -->
  <? include ($_SERVER['DOCUMENT_ROOT'] . '/webfolio/design-for-web-content/the-small-business-project/
  navigation.inc.php'); ?>
  <!-- big image goes here -->
```

### 2.Php footer

```
<? include ($_SERVER['DOCUMENT_ROOT'] . '/webfolio/design-for-web-content/the-small-business-project/
  footer.inc.php'); ?>
```

### 3.PHP navigation

```
<nav class="dropdown">
  <button>menu</button>
  <div class="dropdown-content">
    <a href="new-items.php">New</a>
    <a href="mens.php">Mens</a>
    <a href="womens.php">Womens</a>
    <a href="shoes.php">Shoes</a>
    <a href="accessories.php">Accessories</a>
    <a href="about-us.php">About Us</a>
    <a href="location.php">Location</a>
  </div>
</nav>
<!-- navigation for big screens -->
<nav class="navigation">
  <ul>
    <li class="big"><a href="new-items.php">New</a></li>
    <li class="big"><a href="mens.php">Mens</a></li>
    <li class="big"><a href="womens.php">Womens</a></li>
    <li class="big"><a href="shoes.php">Shoes</a></li>
    <li class="big"><a href="accessories.php">Accessories</a></li>
    <li class="big"><a href="about-us.php">About Us</a></li>
    <li class="big last-item"><a href="location.php">Location</a></li>
  </ul>
</nav>
```

## 4. Php header

```
1 <!-- banner-brand-header -->
2 <header class="banner">
3
4 <div class="container">
5 <div class="brand">
6 <h1 class="title"><a href=" ../the-small-business-project/index.php">Alexandra's Vintage Fashion</a>
7 </h1>
8 <h2> Reading high street vintage shop </h2>
9 </div>
10 <div class="contact-information">
11 <b>Call us: 07500662483</b>
12 </div>
13 </header>
```

## 5. Opening hours display

```
<footer class="contentinfo2">
<div class="container">
<div class="column">
<h3>Address</h3>
High St, Reading RG1 2EA
</div>
<div class="column">
<h3>Opening Hours</h3>
<?php
    $today = date("l");
    echo " <p>Today is $today</p>";
    if ( $today == "Sunday"){
        echo " <p>The shop is closed.</p>";
    }else{
        echo " <p>The shop is opened from 10 am till 7 pm</p>";
    }
?>
</div>
<div class="column">
<h3>Contact</h3>
<span>Phone: 07500662483</span>
<span>Email: info[at]alexandravintage.com</span>
</div>
<div class="last-column">
<h3>Social media</h3>
<a href="https://www.instagram.com/pop_up_vintage/"></a>
<a href="https://www.facebook.com/peta.alexandra.vintage/"></a>
</div>
</div> <!--End container -->
```
